## Work Schedule

This work schedule specifies the expected weekly requirements subject to the exigencies of the service. Any significant amendment will require the agreement of both parties to this agreement. The total hours are average hours only, and specific times rostered below will need to be varied from time to time to adequately staff the service, eg to cover leave, sickness and continuing medical education.

### WEEKLY TIMETABLE

***The final make up of these duties will be discussed between yourself and the Medical Lead, ICU/Anaesthesia Service .***

#### 1. Weekly Timetable

Specific Monday to Friday allocations will be made once you commence. Clinical sessions may be ICU sessions and other clinical duties as appropriate. Morning session is from 8am – 1pm, and afternoon session is from 1pm – 6pm. A non-clinical session is also 5 hours, and one of these will be identified as being able to be “flexible”. This means that it may be swapped by the roster lead, provided at least two weeks’ notice of this is provided. The second non-clinical session will only able to be moved by mutual agreement, and it is envisaged that it would be only in exceptional circumstances that any request would be made to swop this to a clinical session.

#### 2. Rostered Hours of Work
